SUMMARY

QPI Healthcare Services is a data analytics for performance and quality measures company. Our state of the art HARP Light Technology, utilizing Software as a Service (SaaS) and credentialing management services, engages with a wide variety of healthcare providers to ensure regulatory and payer compliance.

We actively engage with Clinic Groups, ALF's, Behavioral Health, Pharmacies, IDTF's, DMEPOS, Home Health, Private Duty, Sleep Centers and Telehealth providers. The requirements to obtain and retain payer relationships are not overlooked by our team. HARP Light Technology showcases all licensing and payer requirements, ensuring that risks are identified and mitigated, quickly and effectively. We follow the CMS Program Integrity Manual, Accreditation Standards, State Agency Standards, State Licensing Boards, State Departments of Health, and Commercial Insurance Carrier Program Integrity Manuals. Our team has a strong focus on Patient Outcomes, HEDIS, eCQM's, and more.

BUSINESS SUMMARY:

Throughout the years, QPI Healthcare Services has become a proven leader in the healthcare industry simply by learning how to be flexible and attentive to the needs of our clients. We have listened to our clients and have established expert solutions to navigating the ever-changing compliance requirements of Federal, State and Local laws and regulations.

CAPABILITIES

QPI decreases the healthcare providers organizational workload by assuming a large percentage of responsibilities that include human resources, administration, risk management and patient experience. Thus, we reduce the workload for key personnel while increasing the providers revenue. Our series of checks and balances ensures that the organization runs smoothly and efficiently.

EQUIPMENT:

QPI owns and operates Lavear, LLC. "HARP Light Technology" using PHP, CSS, HTML, JavaScript and the open-source Vue.js JavaScript Framework, Laravel PHP Framework, Bootstrap CSS Library, and MariaDB relational database management system, all securely and redundantly hosted by DigitalOcean.

EXPERTISE:

Our team of experts include:

- CEO - 25 years of DME and Hospice Management
- COO - 11 years Hospital Education Management
- CQRO (MSN, BSN, RN, CPHRM) - 24 years Hospital and Clinic Management
- CTO - 16 years SaaS Software Development, Deployment and Operations
- CPO (MSN) - 33 years Director of Patient Services Hospital

QPI CLIENTS:

Currently servicing a combination of DME, Pharmacy and Clinic Groups. Our clients pay an enrollment fee and subsequent monthly fees for corporate compliance services. Accreditation organizations have the option to wholesale the software to increase their overall revenue.

QPI has an executed Strategic Alliance Agreement with The Accreditation Commission for Healthcare located in Cary, NC. ACHC has a solid client base of 30,000 +.

QPI has began "Partnership" negotiations with The Joint Commission and the Community Health Accreditation Program with a combined client census of 40,000+

QPI will re-skin Lavear to mirror the accreditation organization to enhance the clients experience with the accreditation organizations standards of compliance.
